Subject : Customs Services - Sohar FreeZone
Circular : OSS/2015/01

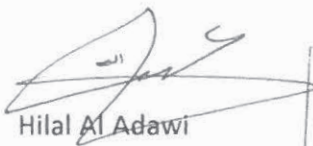

Dear our customers,

We are pleased to inform you that customs facilities at SOHAR FreeZone are now operational. Customs clearances can be processed at the gate daily from 8:00am till 09:00pm (excluding Friday & Saturday). ROP Customs will extend services to cover weekends if there is a demand; however the port custom clearance office is operational at the weekends.

Also we would like to share with you the below notice received from Customs:

FreeZone companies are kindly requested to specify in their correspondences and bills the full name of the company including the type of the company (FreeZone Company) and should request the other companies that they are dealing with to specify the same in the bills. This makes the clearing process smoother and also make the customs fillings and documentations easier.

Best regards,

Hilal Al Adawi

Executive Manager – One Stop Shop/customer service Department.
